

Rose Suttle & BeBe

BeBe was accidentally let out during a break-in. She was hit by a truck and then lost in the woods. With the help of Madison & Rivergate Lost and Found Pets, volunteers and neighbors on foot and in cars searched the last area BeBe had been seen. BeBe was found within twelve hours and returned home with Rose.

Teri Kennedy & Sophie

While walking her other dogs one night, Teri's sweet dog Sophie sneakily slipped out. Realizing she was missing, the next morning she contacted Madison & Rivergate Lost and Found Pets who leaped into action. The group's volunteers quickly provided flyers, social media posts and calls to neighbors. Sophie was found and returned home safely after eleven days of searching, when a call came to Teri from a kind man who had found Sophie and had seen a sign about her being lost.

Kim Wolf & Frankie Badass

After Frankie Badass went missing, Kim contacted Madison Lost and Found Pets. They told her what to do and helped put up flyers, gave experienced advice, and made Facebook posts on their page. Frankie Badass had been stolen, held for ransom and a whole host of things suitable for a caper film. After 17 days and ceaseless efforts by Kim and the group, Frankie was returned.

Tammy Stanton-Hall and Gypsy

Tammy had seen Gypsy many times around Madison and she appeared to be homeless. Tammy contacted Madison & Rivergate Lost and Found Pets to see what could be done to help. After making plans with the team and a few failed efforts, they eventually trapped Gypsy and took her in to her forever home with Tammy.

Ed Vazquez and Noelle

Ed and Dawn Vazquez were on the Madison Lost & Found Pets page when they first saw a posting for a found dog. Noelle was sick and starving. The person who posted her could not secure her. Tammy Stanton-Hall took Noelle in on Christmas Eve and Noelle stayed overnight with her. The next day volunteer Angie Smith took over the fostering and took Noelle to Mobley where she stayed for two weeks getting healthy. After her care at Mobley, Angie brought her home and fostered her back to health. Then the group posted that she was adoption ready. The Vazquez family, who had been following Noelle's story, had to have her in their family, and Noelle found her forever home.

Three of the four primary volunteers: Misti Harmon, Nick Grace and Angie Smith
